

Woods Square – Rare strata-titled office space in Woodlands with retail and F&B.

- Ideally located in the heart of Woodlands Central, in Woodlands Regional Centre – the Northern Gateway of Singapore
- A mixed use project featuring four office towers and a retail component
- The office towers will comprise small and large floor plate strata offices for sale and lease. This will make up 90% of the development
- There will be retail spaces occupying level one and the basement with connectivity to the MRT station and Causeway Point
- The architecture will feature extensive greenery and public open spaces designed to encourage interaction

URA Master Plan 2014 – Woodlands Regional Centre

- Envisioned as Singapore's northern gateway, the Woodlands Regional Centre will be transformed into a vibrant live-work-play precinct that serves as a key commercial cluster well-connected to the city via the future Thomson MRT Line and to Malaysia via the future cross-border rail link
- The Woodlands Regional Centre comprises two districts, Woodlands Central and Woodlands North Coast
- With over 100 ha of land available for development and a potential yield of 700,000 sqm commercial space, this regional centre will offer approximately 100,000 new jobs when it is fully developed over the next 10 to 15 years

Attractive Office Location

- Located within a 2-min walking distance from the Woodlands MRT Station, which will serve as an interchange between the North-South Line and future Thomson-East Coast Line, and is one stop away from the planned cross-border rail link to Johor Bahru
- Ideally situated for a quality office development, with excellent connectivity to the City Centre and Johor Bahru
- Easily accessible via the Seletar Expressway (SLE), Bukit Timah Expressway (BKE) and the upcoming North South Expressway (NSE)

Pedestrian-friendly Connectivity

- A pedestrian-centric regional retail hub
- Seamlessly connected to the existing MRT and bus interchange as well as Causeway Point and Woodlands Civic Centre in the vicinity
